HL22

Hooklift Truck

Hooklift trucks are versatile additions to any fleet. Whether you are in the mining, infrastructure, or waste management industries, being able to rapidly, safely and efficiently pick up bins or change body configurations is a handy option.

Hooklift trucks are especially useful to waste management companies as they make collecting large bins extremely easy: no more messing about with chains and swing arms. Fitted to a rugged truck chassis (your choice, of course), the HL22 system will revolutionize your waste collection regime. As an addition to your waste collection fleet, the HL22 will add another level of sustainability, efficiency, and adaptability to your business.

As always, the crew at STG has gone all out to design and build a machine that is tough, reliable, and simple to use.

COMPATIBILITY:

8x4

CAPACITY:

4 Axle

FEATURES:

- ✓ 3rd party camera systems and DVR recording
- ✓ Lighting (work lights, revolving beacons)
- ✓ Soft unloading at end stroke for safe operation and increase longevity of product
- ✓ Fast tipping/Unloading with regenerative fast speed (22 seconds vs 65 seconds on a conventional hook lift)
- ✓ Rear roller – safely load containers in narrow conditions
- ✓ 22T Capacity hook Lift
- ✓ Tipping angle
- ✓ Chrome guards poles
- ✓ Whitelaw Hydraulics
- ✓ Heavy Duty Rear Back With Led Lights
- ✓ Programmable graphic display for controlling mobile machines
- ✓ Lodar wireless remote to all functions

HOOKLIFT BENEFITS:

VERSATILE CONFIGURATIONS

EFFICIENT WASTE COLLECTION

ENHANCED ADAPTABILITY
